

VERMONT NATURAL COATINGS® BÖHME

SWISS QUALITY  SINCE 1866

Böhme has been manufacturing stains and coatings in Switzerland since 1866. Now these natural stains and finishes are made in the USA and available throughout North America through a partnership with Vermont Natural Coatings. The Böhme line cleans up with soap and water, are easy to use and maintain, and are still < 30g/L VOC.

Sun Warden™

Sun Warden prevents discoloration and darkening caused by UV light without changing the natural appearance of the wood. For use on ceilings, floors, furniture, cabinets and walls.

White Wash

TWO INNOVATIVE COMPANIES
with a Shared Mission

Vermont Natural Coatings' revolutionary technology and 150 years of Böhme experience combine to deliver the safest, highest quality coatings in the world.
SWISS QUALITY MADE IN THE USA.

VERMONT NATURAL COATINGS®

BÖHME

SUN WARDEN

An innovative product for maintaining a non-yellow appearance on white woods.

RECOMMENDED USES:

Ideal for UV protection for new or bare interior wood

Available in Quart, Gallon, Five Gallon and Drums

- For all interior wood surfaces
- Superior anti-yellowing technology
- Enhanced water and chemical resistance
- Clean up with soap and water

All Vermont Natural Coatings products meet the strictest environmental standards in all 50 states and Canada.

PREPARATION & APPLICATION

SURFACE PREPARATION: Surfaces must be thoroughly cleaned and dried. For use on untreated new or bare interior wood.

APPLICATION:

1) Stir well prior to use.

2) Always test the finish on a sample piece of wood to confirm the desired appearance. For best results apply in temperatures between 60°-80°F and relative humidity of 40%-60%.

3) Apply with brush, paint pad, roller or spray on untreated or bare wood.

4) Two coats recommended.

5) Apply evenly with the grain and always maintain a wet edge.

6) Product will be ready for second coat after **6-12 hours** depending on conditions. **One gallon will cover approximately 300-400 sq. ft.** depending on porosity of wood.

TECHNICAL DATA

<i>Color in Container</i>	Milky White
<i>Clarity (Dry)</i>	Semi-Transparent
<i>Chemical Resistance</i>	No visual defects
<i>VOC</i>	Coating: 30g/L (wet)
<i>Flash Point</i>	None
<i>Freeze/Thaw Stability</i>	Do not freeze
<i>Pot Life</i>	12 months from date of manufacture
<i>Dry Time</i>	6-12 hours
<i>Clean Up</i>	Soap and water
<i>Odor</i>	Neutral
<i>Maximum Cure</i>	One week
<i>Coverage</i>	300 - 400 sq. ft. per gallon

Treated with Sun Warden

Untreated, naturally aged wood
